

Grow Newberry Farmers and Artisans Market Sponsorship Form

The Grow Newberry Farmers and Artisans Market has become a welcome annual tradition. We are excited about this venture and plan to build on its past success by continuing our mission **to provide an active, healthy gathering place for local vendors, producers, and patrons to buy, sell, and learn.**

In order for the Market to be successful, help is needed to fund the costs associated with running it; therefore, we are asking for your support. Sponsors will help us demonstrate the strength of our community, foster sustainable economic development, and build stronger ties between the region's food producers, artists, and consumers.

The mission of the Grow Newberry Farmers & Artisans Market is to provide an active, healthy gathering place for local vendors, producers, and patrons to buy, sell, and learn. We aim to foster sustainable economic development by building stronger ties among the community's food producers, artists, and consumers.

Following are the various support levels, along with the sponsorship benefits. After taking time to consider these options, please return the completed form to us in the office, by post box, or e-mail. It takes a community to grow a farmers' market. Would you consider being a **Friend of the Market?**

Why support your local farmers market? Benefits include:

- Healthy produce, ready-made food products and art produced by local residents.
- Income opportunities for farm, neighborhood craft, and food businesses.
- A destination within our community for you, your friends, and your family to gather.
- Our farmers' market builds community ties and encourages civic life, offering residents the opportunity to buy products directly from the producer(s).
